Mr. James J. Collier,
Corpus Christi, Texas.

Dear Jim:

I am writing you by this familiar name because I feel like we are close enough related for me to do so altho I do not know you personally. I will write an answer to your letter in detail in the course of two or three weeks as I am very busy getting the new year started off.

I am attaching copy of letter herewith that I have just written your Mother which will also do for you, I trust, and give you the same information I could write you. If you ever visit Georgia do not fail to look us up, we will be glad to see you.

Sincerely,

DCC:C
